*work of the Technical School Uzice* , No. 424-611-00002/2013-15 of 12 March 2013, in which the school was rated with the highest grade, grade 4.

**Summary assessment of the quality of the school's work:**

"In all areas of work quality that have been evaluated in school, strengths dominate. There are no defects that would significantly affect the quality. **The school can be an example to other schools, especially in the field of Organization of Work and Leadership.**

The evidence-based findings show that out of a total of 29 standards that are evaluated in secondary school, the school has achieved all 29. Therefore, all 15 key and selected standards have been achieved, 12 at the highest level.

**Given that the School has achieved more than 75% of all standards, including 100% of the standards that are key to evaluation, the overall quality of the school's work is rated 4.**

The School is expected to continue to improve its work and maintain its level in areas in which it is highly evaluated."
